Copy

Toronto, July 27, 1917.

Mr. A. S. P. Woodhouse,
Box 621,
Barrie, Ont.

Dear Sir:

I brought your case before the Committee charged with administering the question of National Service cases. As they have no instructions from the Council they are not in a position to recommend the granting of stars for National Service work. They will recommend to the Council that every possible consideration be given you in the way of entering the higher year with the privilege of writing upon your star or stars in January next, but beyond that they do not feel that they are in a position to go as far as you suggest.

Yours very truly,

JB/AM

Registrar.
